

The People's Assembly, convening on the 24th of August 2021 under the 59th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to put forth certain amendments,
this because there is a lot of administrative backlog or easier ways to have things organised.

The list of fixes and changes is as follows:

1. To remove anaizy as PA speaker, as she has been completely inactive for ~8 months and even has not been whitelisted for the new whitelist.
2. To affirm that M52-2A23 can be added under PA charter 1.7 rather than meeting norms
3. To let the CotS make spelling fixes and new abbreviations onto article 0 of the charter
4. To make charter 4.9 (on CotS cleaning unused chunks) part of the CotS standards instead of the charter
5. To make charter 4.10 (on backups) part of the CotS standards instead of the charter
6. Split server regulation 3 into PA and UN parts, adding them to their respective archives, transclude the other part and indicate control

And proceeds.
