

The People's Assembly, convening on the 24th of May 2022 under the 15th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to suspend the recognition of the Futurist Commune, this meaning the rights attained as state are temporarily suspended/halted/stripped, this includes the status of state or recognised entity. This means the state also will not be able to vote. This will **not** have consequences for any active treaties.

Furthermore this motion establishes that as of now the technical implications of FVerndari's sole own actions causes him to be unable to vote.

And proceeds.

Signed by,
