

# The People's Assembly, convening on the 3rd of February 2021 under the 40th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to get rid of the ability to fly, it was fun in the short term, but in the long term it kinda ruins it. I think we've had our fun with it and we shouldn't have it anymore. Unless a way is found where flying can only be used while building.

And proceeds.
