

# The People's Assembly, convening on the 7th of June 2022 under the 17th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to implement the brewery plugin, because:

1. It adds a RP element to the game. we can all drink together.
2. It adds a new economic element to the game. there are cheap drinks that are easy to make and expensive ones that are harder to make.
3. You can use it to add drinks! we can add things like tea or berry juice.
4. people can build bars and taverns!! so Thanster and Eldegren can finally get some bitches.

And proceeds.
