

The People's Assembly, convening on the 23rd of February 2021 under the 43rd PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to create a distinction in the ocean (Pocific) and split it into 3 seperate oceans, where it is connected by only a slight canal. This because they are basically 3 oceans connected by small patches of river, so they should be seperated and named for communication and clarity.

The northwestern ocean is to still be named the Pocific, the eastern ocean is to be named by the Porpoistani Federation and the southern ocean is to be named by the United Federation of Argos and Scandinavia and the Socialist Worker's Republic of Sentinal, with consent of the Crow Cry Collective and the Porpoistani Federation.

And proceeds.
