

The People's Assembly, convening on the 11th of November 2020 under the 31st PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to add an article to the charter, called "Technical Committee", containing the following:

1. The TC is the administrative behind the Server and the PA, and the executive tasked with implementing the will of the PA.
2. The TC members will hold a "TC" role in the PA discord with certain permissions under appendix A, where "Codified (hard-modifyable)" requires 2/3rd of the people who joined before August 2020 and 1 TC member to change and "Changeable (normal-modifyable)" requires a simple majority to change.
3. The main 2 tasks of the TC are:
 1. To ensure the functionality and continued existence of the server.
 2. To carry out the will of the PA as long as it does not conflict with 1.
4. A TC member may be appointed with 2/3rd majority of people who joined before August 2020 and approval of 1 TC member.
5. A TC member may be recalled if they violated their tasks laid down in 3 to a severe degree by a 2/3rd majority of people who joined before August 2020. There is a minimum of 2 members but if there is a situation which there is only 1 member left they must approve a new TC member as laid down in 4.
6. If the full TC is unable to be present/perform its function for a long time, the PA can appoint an interim-TC member with a 2/3rd majority of people who joined before August 2020 which can only accept new TC members as laid down in 4 and expires when the old TC is back and able to perform its tasks.

The need to codify the following into the archive:

1. A regular backup of PA data will be taken by the TC

Further there will be 2 sections added to Article 1, namely:

1. Speakers are appointed and recalled with a motion.
2. There will be a speaker of the house position which holds technical ownership of the discord server which is appointed by motion.
 - 2.1 The position can be recalled by motion or the TC can call for new elections (where the PA will get 1 week to prepare). If the person is recalled they must transfer power to the new speaker of the house within 24 hours, if this is not done the TC may decide to take severe measures to defend the PA and democracy.
 - 2.2 The speaker of the house is a normal speaker, however it does have the added function of controlling that the TC commits to its 2 tasks without inhibiting the functioning of the TC.
 - 2.3 If there are changes that have to be made to the server which the TC can not execute, the position must seriously consider the TC's advice and listen to the PA mandate.
 - 2.4 The position must be held by a PA member.

And proceeds.
