

# The People's Assembly, convening on the 23rd of February 2021 under the 43rd PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to create a distinction without rights and privileges to bestow upon those to have contributed to well being of the Minecraft server, either by maintenance, positive contributions to the psychosocial environment or otherwise, or to the peace amongst states and communities. This distinction will be named Hero of the People's Assembly and will confer a like-sounding style upon those whereupon it is bestowed. Just so the PA can have a way of showing its appreciation of particular players.

And proceeds.
