

# The People's Assembly, convening on the 24th of May 2022 under the 15th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to establish PA regulations on the responsibility of holding a station on the north-south line like accessibility and information. If the responsibility is not met then the PA and/or closest neighbours may temporarily take control of the line to resolve the situation on the discretion of the PA or CotS.

The regulations are to be:

1. All efforts are to be made to make it functional.
2. It should be accessible (stairs/ladders if it is elevated, minecarts able to be placed and entered).
3. Information should be available: Stations to the north and south must be displayed with directions, and announce the line the station is on/and or the name of the station.

And proceeds.

Signed by,
