

The People's Assembly, convening on the 26th of September 2023 under the 39th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to declare the whale and the surrounding area at around X-6300, Z1950 a protected world heritage site. The border will reach around 20 blocks from the whale. The whale, to be known as the "Stonewhale", can be entered through its mouth where one can find a nether portal (which will be integrated into our nether portal system in the near future).

This in order to facilitate a new location far away from spawn where things can happen.

The authority is to be the People's Assembly.

See APPENDIX A for an image of the area.

And proceeds.

Signed by,
