

## The People's Assembly, convening on the 6th of September 2022 under the 24th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to remove the ability for CotS members to declare war on members not headed by CotS members without PA approval, since the CotS is likely to be abused, it's best not to let this abuse harm the experience of players directly by griefing them or killing them etc

And proceeds.
