

## The People's Assembly, convening on the 2nd of March 2021 under the 44th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to review the situation that has developed in and around the Socialist Worker's Republic of Sentinal, and possibly consider recognition of Emeraldal Island.

This means that if a treaty is signed by both the Socialist Worker's Republic of Sentinal and Emeraldal Island recognising the latters independence, the CotS can decide to recognise them in the PA. If this doesn't happen before the 45th meeting, the motion is sent back to the PA.

And proceeds.
