

The People's Assembly, convening on the 24th of May 2022 under the 15th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to add the vanilla tweaks for more mob heads as it is a fun addition and would lead to a new challenge, getting some of the heads is challenging with different drop rates for every kind of animal, they are also cool decoration blocks and don't really change the vanilla feel of the game.

And proceeds.
