

13/4/2024 Council of the Server to the Council of the Server
Information: P3C5T

To hereby inform the People's Assembly,

On 13/4/2024 the EasyPrefix plugin has been removed because it is to be sunset. A combination of BetterPrefix/LuckPerms/Vault has been used to take over the prefixes.

This also allows for YamipaPlugin to be used by everyone (/image) and imageonmap to be blocked (/tomap) with the permissions system.

Imageonmap is to be fully transferred over to YamipaPlugin because it has been sunset and unstable for a while.
