

# The People's Assembly, convening on the 3rd of February 2021 under the 40th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to need to remove legislative garbage from the PA archive and resolving  
outstanding political and legal ambiguities;  
desiring to proceed, establishes the following motion:

1. Repeal of the unnecessary and unused motions:

The International Health and Safety motion (37-2) is to be repealed

The Safety from mobs (20-5 through 20-11) motion is to be repealed

2. Filling the legal vacuum left by the aforementioned repeal:

Destruction by mobs like creepers in cities that aren't lit up is to remain the responsibility of  
whoever manages the city, unless they have set up explicit warnings that it isn't lit up or the city has  
been intentionally damaged.

3. Reform of the role, composition and procedure of the IHC in order to enhance the administration  
of justice within the server;

The rules of criminal procedure in the IHC are to be repealed

The role of the International High Court is to be an appellate instance from administrative actions  
of the CotS. It will only be called if the victim or perpetrator disagrees with a CotS action.

The role of lawyers is to be removed from the IHC and its proceedings.

The victims (CotS if there is no victim) and the perpetrator are to be the only parties.

The jury is to consist of all PA representatives and the judge is to be the president of the jury.

And proceeds.

Signed by,

ChairmanSteven
