

# The People's Assembly, convening on the 7th of November 2023 under the 40th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to revoke Motion 20-1. This because within the past year since its interception, a resource pack for the Germania Minecraft server has not been created. The original member who was in charge of managing to create the resource pack has left. Other reasons would be that there is no need due to people adding images on paintings through another plugin.

And proceeds.
