

The People's Assembly, convening on the 10th of February 2026 under the 59th PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to amend PA norm 9 about the following:

1. The ability to make small claims without a motion; clarifying the role of dotted or dashed claimed areas: these are exempt and always need a motion or the dot or dash-indicated recognized entity's permission for another recognized entity to claim it;
2. Additionally it should be clarified that this norm does not apply to claiming other recognized entity's land (this would be dubious even with a motion under C2).

This in order to clarify and codify current practice.

And proceeds.
