

# The People's Assembly, convening on the 11th of November 2025 under the 52nd PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to create a standard of color coding rail lines, in order to give clarity to the users on what's connected where. This can be as complicated as making color stations or as simple as adding colored blocks close to the line, or coloring the signs in the station.

And proceeds.
