

The People's Assembly, convening on the 19th of May 2026 under the 62nd PA Meeting.

The Assembly, recognising the current situation,

Constitutes the need to call on all active players and recognised entities to take guideline 1 seriously and cooperate to create navigable rivers and waterways. Additionally calls for a project of lighthouses and other maritime navigation support systems to be set up, lead and organized by the CotS.

This in order to support further great voyages.
